

# Spaziocontinuo® training courses for professional resin appliciers

## **COURSE OBJECTIVES**

Spaziocontinuo® is a latest-generation decorative resin with an ultra-innovative formula and application cycle. The theoretical and practical aspects of applying Spaziocontinuo® on floors and vertical walls as wall décor will be analysed with our specialists.

During the course, every participant will have the opportunity to perform a complete hands-on application cycle of single and three-component systems, directly tackling all the typical features of a worksite.

## **WHO IS IT FOR?**

Professional resin appliciers.

## **ENROLMENT PROCEDURE**

For the calendar of courses in languages other than Italian, please request information through your local agents and Litokol® representatives, via email ([export@litokol.it](mailto:export@litokol.it)) or by calling our offices directly on +39 0522 622811.

## **NUMBER OF PARTICIPANTS**

Maximum of 10 participants.

## **TRAINING VENUE**

Litokol® Training Center – Via G. Falcone, 13/1  
42048 Rubiera (RE), Italy
